### "Corruption"

In our first solo, we are looking at a finger tapping masterclass! Just like EVH used to do in Van Halen, this piece highlights a variety of chords in the finger tapping, and therefore we need no real backing track! This is a pure indulgent piece that will impress anyone you play it to. Your first task is simple, listen to it! Go through the track a few times until you have the melody in your head and then move onto the next lesson where Jay will start taking you through it.
