Chord Test!

Time to put all of your wonderful new chord knowledge to the test! In the video, we ask you to try and find the two shapes for any given major or minor chord. This is a simple test, not to make you feel “bad” about not getting anything, but instead to highlight any slight misunderstandings so far. It can often take a good few weeks / months for this stuff to sink in (although sometimes it sinks in straight away!), so little tests like this help us see honestly where we're at and work from there.
