Section A

in this unit we have a lot to work through to develop your legato playing, so we're going to dive straight into the first part of the track. Let's check out the tab in the **Guitar Tabs** section.

The Chords

So let's start by breaking down the core chords, which are for the majority simply a D major chord! We do have a few powerchords in here though, so we'll show you those as well! Take a look at the **Chord Boxes** section to see what the shapes look like.

| D | D | D | B5 A5 G5 |

This opening section is so much more than it's basic chords, so take your time with the video and make sure you follow Thomas' fingers exactly, **It's fiddly, it's twiddly**, and it's total magic!
