UNIT 4 • **LESSON 5** << PREVIOUS

### Final Recap

At this point of the course, there are certain things that you should be able to do in order to move on to harder concepts... Think of this as a sort of check in list to check your progress. If you don't feel like you're quite there with some of these elements it's a sign that you may need a bit more time on this particular course before moving on. Here is a list of those things:

#### Checklist

- 🔥 Your 5 Pentatonic Shapes including how to move between the shapes
- 🔥 The 'Airports' idea to be able to find the root notes and pentatonic shapes
- 🔥 Spider Exercises that should be used as warm-ups to develop speed
- 🔥 You should be confident with bends, slides and hammer-ons / pull-offs
- 🔥 Have played through all the licks and solos and got them up to speed

There we have it! No matter where you are with you're playing you've done brilliantly to get this far! Well done. Now use this checklist as a bit of a grounding point, to assess where you are, and whether you're ready to jump forward yet, or breath and take a few more weeks on this. Remember that us mentors are here to help if you're unsure!
