### The Bridge

At this point in the song we change from the fingerpicking to a strummed pattern! It really separates this section, and gives us a really cool build up (and cheeky guitar solo of course). Let's break down the chords in use, the strumming pattern and the chord chart.

Now when it comes to the chords, it's the same lot we've seen before, except now as we're strumming we're doing fuller versions of those chords:

Ok so it may seem like there are a lot of chord names, and a lot of different chords to memorise. However, remember

that there  
are only  
really a  
few core  
chords  
and we're  
adding  
subtle  
little  
variants  
as we go!
