### Symmetrical Pattern Lick

This is a classic Dimebag style lick where we use the same pattern on every single string. It creates a very 'out there' sound, which is exactly what we are trying to achieve with our Dimebag style. The notes we use are loosely based around the E blues scale, with a tonne of 'out notes' to create that tension. The notes can be found in the fretboard diagram.

## Like Dimebag

We kick off our Dimebag Darrell player study with this heavy metal guitar solo. Dimebag is a true master of technique, so we take a detailed look at each individual lick and how to get it up to speed.
