Fast Quintuplet Lick

This lick is very quick, so we will be slowing it down a lot to get it perfect. The idea behind this lick is playing and grouping notes in 5's, rather than 4's or 6's. This can feel very awkward, but as you speed up it makes more sense. The crucial piece of the technique is to economy pick through the phrase. For the lick, we are just using pentatonic shape 1 in E minor. Take a look at the fretboard diagram to familiarise yourself with the shape.
