## Software

UNIT 3 • **LESSON 2** << PREVIOUS NEXT >>

### The DAW Part 2

In this video, our aim is to have a bit of fun! Dan is going to record a few different audio tracks, to create a backing track for himself to jam on! The main point in this video is how simple this process is, provided everything is set up well!

**"My guitars are out, the pedals and amp set up... It's just plug-and-play! Within seconds I'm recording guitar tracks and doing some proper practice!"**

DAN HOLTON

So, follow along with the video until you have at least 4 different guitar tracks that all compliment each other somehow. Something like this:

## Course navigation

### UNIT 1

## The Hardware

0%

### UNIT 2

## Tutors' Hardware

0%

### UNIT 3

## Software

0%

We should have a pretty firm grasp on the hardware we need for our home setups by this point. The next phase of the course is to drill down on the software.

Lessons:

- The DAW
- The DAW Part 2
- Drums!
- VSTs
- Fun Time!

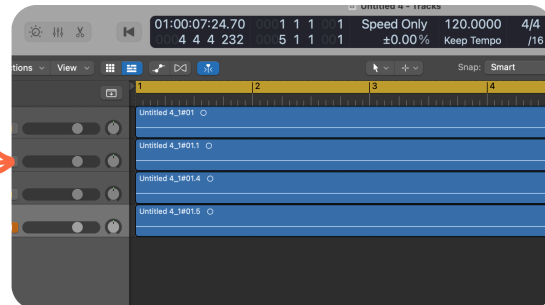

### UNIT 4

## Tutors Software

0%

We have 4 tracks which are on loop! Each track has a slightly different vibe, but all fit together in the same key.
