Funky Picking

One of the coolest parts on this track, which we just had to include, is the funky picking part that adds an extra rhythmical groove to the track. It is using our D Ionian scale, but very much focusing on the pentatonic notes within that. It's a tricky part to get together, so watch the video carefully to see how Dion guides you through it. Take a look at the fretboard diagrams for the scale shape, then move to the guitar tabs section for the tab.

Daft Pop

In our final unit, we will once again take our Ionian mode, but this time apply it to a cool, Daft Punk inspired pop track. This is a fantastic opportunity to take our harmonised scale to the next level, by adding in the 7th chord versions across the key.
