The Chords

Let's now take a look at the chord chart and where we will play this selection of chords. The great thing about any blues track is the repetitive nature of it, and this track is no different! So, once you have learnt the section below, you simply loop it 4 times for the track. Let's take a look at the chord chart and the chord shapes we're using first:

At this point in the barre chord quest, we will be tackling the third shape, the Em shape. However, there is still a lot to be done on the previous shapes to get them confident and clear, so in the song at the end of this course, we use all 3 shapes!
