UNIT 1 • **LESSON 4** << PREVIOUS NEXT >>

The Minor Scale

As mentioned before, any scale from now on can be derived from the major scale. The numbers 1-8 with no alterations 'spell' a major scale. When you start altering those numbers you get new scales. To create a minor scale you need to take those numbers and **flatten the 3rd, 6th and 7th notes**. We can clearly see how this works in the diagram below.
