### Lesson 9: The Track

We'll now bring all of these single note ideas to life, with a cool Cory Wong style groove that works in all of these ideas and then takes it to the next level. Use the tab in the materials section to work through the first section of the track, which includes the main groove based around the E minor pentatonic box 3. Be sure you can visualise where these notes fall within the shape, as it's a crucial part of the process!
