Deck The Halls by Green Day

The Lead Guitar

For the lead guitar part, we are focusing on the high end sound (you have the octave underneath that as well on the track). The combination of the two gives it that more pop punk vibe. The key of the track is Eb major, and we're using our Box 1 of the major scale, which can be found in the **fretboard diagram**

We've gone all pop punk for this track, and given it a real Green Day feel! This means lots of powerchords, high gain and a very full on drum track!
