Lesson notes Diagrams

'All The Notes'

Our first task is to simply learn and memorise all 12 notes in western music. These notes will be our base upon which we build all of our scales and chords, and therefore the base upon which all songs are written! Let's start by laying out the 12 notes in sharps and flats.

Let's take a look at those notes on the E and A string of the guitar in the fretboard diagrams. It is important to memorise these notes on the neck as they will help with every part of your guitar playing as you advance!
