Putting It Together

UNIT 6 • **LESSON 4** << PREVIOUS

The Future

Finally, in our last lesson, Dan walks you through just how far you can take this concept.

“you now have all the tools you need to apply this to every part of the guitar, so it's time to explore those areas and have fun doing so!”

Thank you so much for taking this course! We can't wait to hear how you got in with it. Remember that this is the start of your journey. Be sure to take the time every day to put these ideas into practice and you'll get there! Have fun.

In our final unit, we draw all the shapes together to allow us to play in just one area of the fretboard. This will allow us to have total freedom over what we play, without having to jump around the fretboard to find the same chord shape.
