## Sus Chords Part 2

UNIT 2 • **LESSON 5** << PREVIOUS NEXT >>

Lesson notes Interactive tab

### The Chorus

We will now take a look at the chorus and then piece the entire song together. During the chorus, the chord chart moves to a simpler, one chord per bar pattern with a far easier strumming pattern. The strumming pattern now moves to all downstrokes and dynamically shifts to a softer sound. Through the rest of the chorus, the strumming gradually gets louder and louder as you bring up the dynamics. The strumming therefore looks in general like this:

So let's take a look at the chord chart for the chorus. Notice how as we come back into the G chord we revert to the normal strumming!

| G G<sub>sus2</sub> G | D D<sub>sus2</sub> D | A A<sub>sus4</sub> A | (A) |

This section in orange reverts to the normal strumming and gradually gets louder as you roll through it!

## The tab

The basic structure of the piece is **intro, verse one, verse two, chorus one, verse three, chorus two**.

Verse two and three are identical, and chorus one and two are also identical. So you should be good to get it all together... However, if you need an extra bit of guidance refer to the interactive tab as it's all clearly laid out there, and you can play along to the video at whatever speed you like!
