## **6 String Chords**

We'll now move on to 6 string chords, such as the E chords and G chords. This means we'll be working with Eminor and G major. We need to slightly change our approach for the 6 string chords, as we are only working with 4 fingers. Check out this little diagram:

Just as before, the last three notes are also with the first finger and simply brush through the chord. Let's again use a simple exercise to practice these ideas. We will use the Em and G major chords and a simple drum loop!
