#### **Practice summary**

You haven't logged any practice time for this lesson yet. There's no time like the present to start

# Techniques For Building Speed

**UNIT 3 • LESSON 2** 《 PREVIOUS NEXT 》

Lesson notes Interactive tab

#### **Chromatic Scale**

A chromatic scale is the simplest scale there is, whilst at the same time, being one of the hardest to apply musically! Chromatic simply means every single note. A 'C chromatic scale' would be:

### CC#DD#EFF#GG#AA#&C

As you can see this scale has all 12 possible notes in it, making it a chromatic scale. Later on in the course, we will look at how to apply a chromatic scale, but for now, it is a great exercise to build up your speed, for both your left hand and for your right hand!
