Techniques For Building Speed

UNIT 3 • LESSON 3 《 PREVIOUS NEXT 》

Lesson notes Interactive tab Diagrams

Legato Strength

Legato is all about creating a smooth sound on the guitar, and this is achieved with hammer-ons and pull-offs, as well as slides. Legato can be a very physically demanding technique as it requires a lot more strength with your left hand, which is what we will be starting to develop today. We will use pentatonic shape one for this exercise, but you can do the same exercise on all 5 shapes if you want to!
