"Without You"

It is now time to learn our first song! This is a new challenge as for the first time we are playing alongside other instruments - the song features vocals, drums, bass and even secondary guitar parts. Therefore, we need to learn how to focus on just your particular guitar part, and to condition ourselves to avoid getting distracted. Have a listen to the song all the way through and then move on to the next lesson where we'll begin our walkthrough.

In the not too distant future you will be able to play this song all the way through, and I

"Without You" lyrics

I've waited too long To open up my soul in front of you Oh so scared I'll be wrong So I held my tongue and held on to the truth But now I don't know what to do Can I live without you I stumble in the dark The world can be so harsh.

Without you, the brightest of lights Leaves me still in the dark Without you, no colour seems right All looks black and white to me Can't you see? Please believe, I'll do anything Just don't leave, just don't leave, I'll do anything.

I'll sing you a song To open up my heart and soul to one Don't care if I'm wrong I can't sell my tongue You gotta know the truth Now I know what I should do Can't live without you I stumble in the dark The world can be so harsh.

Without you, the brightest of lights leave me still in the dark Without you, no colour seems right All looks black and white To me, can't you see, please believe I'll do anything just don't leave, I'll do anything.

Without you, the brightest of lights leave me still in the dark Without you, no colour seems right All looks black and white to me To me, can't you see, please believe I'll do anything just don't leave, I'll do anything.
