The Chorus 12 Bar

This tune is a 1, 4, 5 in the key of E. So, just as we talked about in the first video, all we need to do is slot these three chords into the 12 bar structure. That structure looks like this:

E7	E7	E7	E7
A7	A7	E7	E7
B7	A7	Turnaround	Turnaround

There is nothing more satisfying than playing through a cool blues riff and seeing people move their bodies to the groove you're laying down! This is exactly what we want to achieve on this course, and we kick off with a blues tune and 7th chords.

Chorus 12 Bar

This turnaround is also how we start the whole track, and is then played at the end of every 12 bar section. We'll get to that in the next lesson.

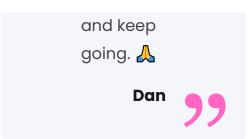

> Use the interactive tab alongside the video to help you gradually work through this section. It's a lot of jumping around, so will take time! Be patient,

and keep going. 🙏
